

CHALK

2026

Curating Holistic Approaches to
Learning and Knowledge Sharing

Jain University Kochi

July 11 2026

ABOUT THE **CONFERENCE**

Today's classrooms are more diverse than ever before. Educators are not only shaping academic success but also supporting different learning styles, student wellbeing, participation, and meaningful educational experiences for every child.

CHALK 2026 – Curating Holistic Approaches to Learning and Knowledge Sharing is a State-Level Educator Development Conference created to bring together teachers, school leaders, aspiring educators, and academic professionals to learn, connect, and grow together.

Built around the idea that education should support every learner, the conference focuses on practical, evidence-informed, and classroom-relevant approaches that educators can carry back into their schools. Through expert sessions, discussions, and shared experiences, participants will explore inclusive practices, innovative teaching strategies, and ways to create engaging and supportive learning environments.

CHALK 2026 is an opportunity to exchange ideas, celebrate good practices, and collectively reimagine classrooms where every learner has the opportunity to participate, belong, and thrive.
